

Lakbay trip status

Pending for approval (PENDING_APPROVAL)

- **When:** Host creates/submits a tour; awaiting admin review.
- **Visibility:** Host + Admin only (not shown in search).
- **Host actions:** Edit details, withdraw draft, submit.
- **Admin actions:** Approve → **Active**; Request changes → **For revision**; Decline → **Declined**.
- **Notifications:** Host gets “We’re reviewing your tour.”

Active (ACTIVE)

- **When:** Admin approves the tour.
- **Visibility:** Public—appears in app search and bookable for future dates.
- **Host actions:** Edit *non-critical* fields (photos, copy) or request re-review for critical fields (price, capacity, dates).
- **Admin actions:** Suspend (optional), or approve critical edits (remains **Active**) or push to **For re-evaluation** if resubmitted.
- **Auto-transition:**
 - At `start_at` → **Ongoing**
 - After `end_at` → **Completed**

Ongoing (ONGOING)

- **When:** Current time is between `start_at` and `end_at`.
- **Visibility:** Public—shown as “Happening now”; **not bookable** for new guests.
- **Host/Admin actions:** Limited edits (safety/contact only).
- **Auto-transition:** After `end_at` → **Completed**

Completed (COMPLETED)

- **When:** Current time is past `end_at`.
- **Visibility:** Read-only: visible in host dashboard and guest history; hidden from search.
- **Actions:** None, except support/refund workflows if needed.

Declined (DECLINED)

- **When:** Admin does not approve.
- **Visibility:** Host + Admin only.
- **Actions:** Host may **duplicate as new** or **Edit** → **For re-evaluation** (if policy allows).
- **Notes:** Store an admin reason code/message.

For revision (FOR_REVISION)

- **When:** Admin reviewed and requires changes (policy, safety, missing docs, pricing, etc.).
- **Visibility:** Host + Admin only.
- **Host actions:** Edit required fields and **Resubmit** → **For re-evaluation**.
- **Admin actions:** None until resubmission.
- **Notifications:** List the exact fields/reasons to fix.

For re-evaluation (FOR_REEVALUATION)

- **When:** Host has addressed feedback and resubmitted.
 - **Visibility:** Host + Admin only.
 - **Admin actions:** Approve → **Active**; Request more changes → **For revision**; Decline → **Declined**.
 - **SLA hint:** e.g., target review within 24–48h.
-

Allowed transitions (single source of truth)

- PENDING_APPROVAL → ACTIVE | FOR_REVISION | DECLINED
- FOR_REVISION → FOR_REEVALUATION
- FOR_REEVALUATION → ACTIVE | FOR_REVISION | DECLINED
- ACTIVE → (time ≥ start_at) ONGOING → (time > end_at) COMPLETED
- ACTIVE → (time > end_at and never started) COMPLETED (for one-day events that lapsed)
- (Optional admin safety switch: ACTIVE ↔ SUSPENDED —not required, but useful.)

Visibility & bookability by state

- Searchable + bookable: **ACTIVE** (future dates only)
- Searchable, not bookable: **ONGOING**

- Hidden from search: **PENDING_APPROVAL, FOR_REVISION, FOR_REEVALUATION, DECLINED, COMPLETED** (but visible in dashboards/history)
